

# Welcome to MUG 2017!

Jimmy Thomas, Executive Director

# New Members 2016-2017

- \* New Union Catalog Members
  - \* none
- \* New IT Service subscribers
  - \* Buena Vista
- \* New Associate Members (“Discovery Partners”)
  - \* Santa Fe (NM)
  - \* Nashville migration to CARL.X
  - \* Anne Arundel (MD)
  - \* Flatirons
    - \* Loveland
    - \* Server migration
  - \* LION (CT) - 2018

# User Services

- \* Marmot Union Catalog
- \* Sierra for all members
- \* Prospector for 18 members
- \* OverDrive, Zinio, etc.

# Back to School

School	Marmot relationship	Program
Mesa County Valley SD51	Member	Nightly patron loads; PPH
Steamboat Springs SD	Member	Shared patron file with Bud Werner; PPH
Aspen Schools	Member	
Plateau Valley SD	Member	

# Back to School

School	Marmot relationship	Program

Colorado Rocky Mountain School	Garfield County outreach	Special handling at Carbondale branch

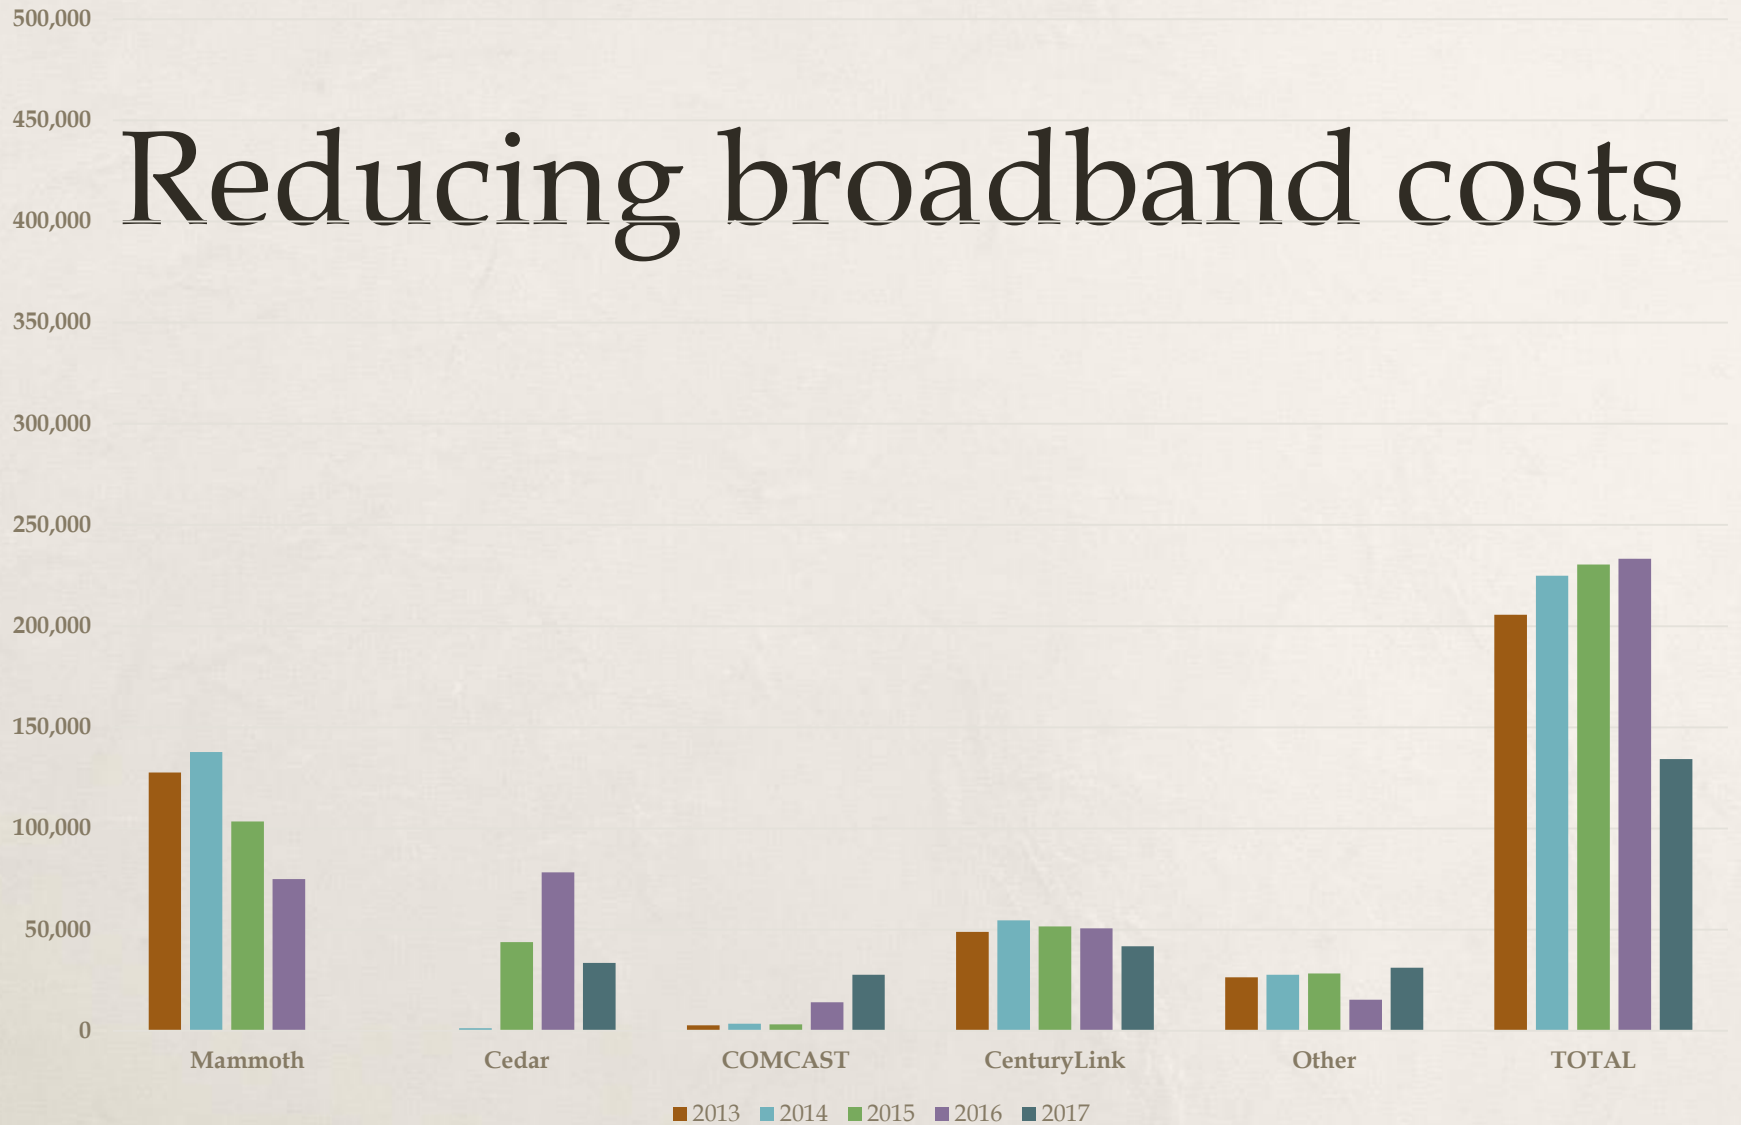

# IT Services

- \* Marmot hosts Sierra, Pika, etc.
- \* Marmot manages:
  - \* 99 servers
  - \* 75 sites
  - \* 86 wireless access points
  - \* 1,139 public and staff computers

# Reducing broadband costs

# Business Manager

- \* Financial
  - \* Accounts payable & receivable
  - \* E-Rate
- \* HR
- \* Administration
  - \* Council
  - \* MUG

# Pika in 450 libraries

# R&D

- \* Discovery - Pika
- \* Marmot Digital Archive
- \* E-resource integration
- \* Project management & data migration

# Colorado Library Project of the Year 2017

## Marmot Launches Digital Archive

By [Matt Enis](#) on  June 19, 2017  [Leave a Comment](#)

Marmot Library Network, the multi-type consortium based in Grand Junction, CO, has developed a Digital Archive and repository solution, enabling its member libraries to showcase digitized collections of images, postcards, books, magazines, videos, recorded oral histories and music, academic research, and more.

Using Islandora for administration, and Marmot's own [Pika](#) resource portal and discovery layer (a fork of VuFind), the new solution is designed to surface archive content alongside related books, ebooks, DVDs, and other content when patrons conduct searches of their library's catalog. Member libraries can also create custom online exhibits to [highlight specific collections](#). Online exhibits began launching in August 2016, and this spring Marmot released an update enabling libraries to share combined collections of related archive content throughout the network.
